DOE extends comment period

WELDON SPRING — The U.S. Department of Energy has extended by 30 days the period for public comment about proposed plans for disposal of hazardous wastes at the Weldon Spring Chemical Plant site.

The DOE will accept written comments through Feb. 19. Project Manager Steve McCracken said the deadline was extended in response to requests for more time to review the documents.

Documents can be viewed at DOE's Weldon Spring office or at the Spencer Road, Kathryn Linneman, Kisker Road and Francis Howell High School libraries.

Written comments should be addressed to: Stephen H. McCracken, project manager, ATTN: RI/FS-EIS Comments, U.S. Department of Energy, Weldon Spring Site Remedial Action Project, 7295 Highway 94 South, St. Charles, MO, 63304. Comments may also be sent by FAX; the number is 447-0739.
